Introduction

The 10th Annual Meeting of the Japan Academy of Public Health Nursing is being held jointly with the 6th International Conference of the Global Network of Public Health Nursing. Due to the COVID-19 pandemic, the Conference will be conducted completely online.

We have therefore created an “Online Venue Website” which is separate from the Conference Website where information about the conference and announcements are posted. While it would have been preferable to have only one site, it was technically not possible. We therefore appreciate your understanding.

■ Conference Website (<http://web.apollon.nta.co.jp/10ja-6gnphn/index.html>)

These sites are not linked.

■ Online Venue Website

The Conference website can be accessed from the above URL or searched using “10th Annual Meeting of the Japanese Academy of Public Health Nursing”. It can be viewed by anyone.

Please note that the two websites are not linked, so it is not possible to move from the Conference website to the Online Venue Website.

The Online Venue Website can only be accessed through a URL which will be sent to participants who have completed the registration process.

Please note that in order to prevent unauthorized use such as unauthorized viewing, unauthorized acquisition of credits, etc., a personal URL to access the Online Venue Website will be issued to each participant. This URL is linked to their personal information and should not be shared or transferred to others.

In the Online Venue Website, you can find the “Chairperson/Presenter Registration”, “Schedule”, “Main Program,” and “General Presentations/Chat Box” pages.

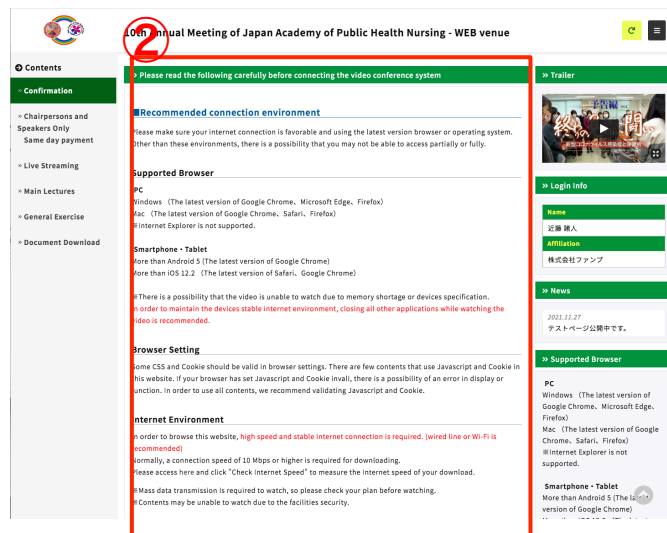

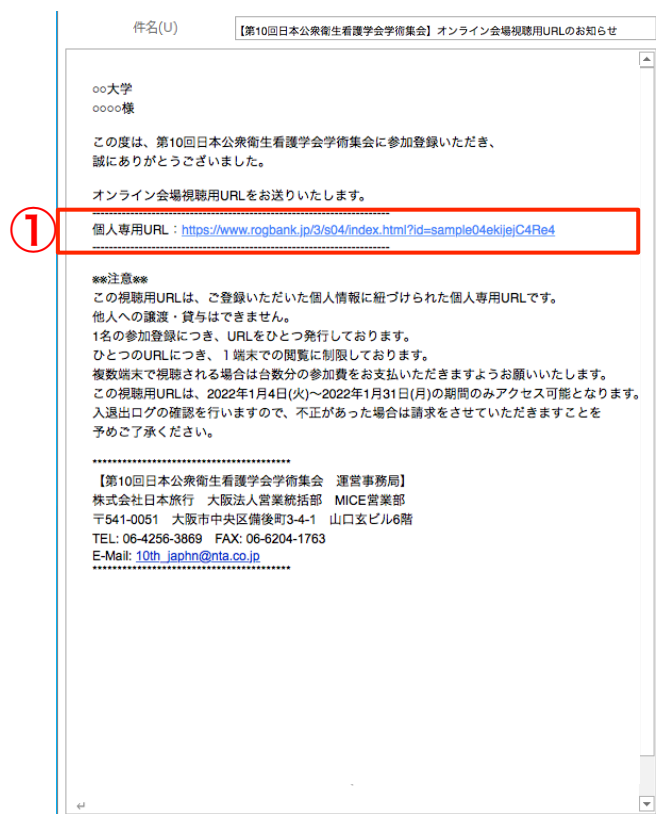

Speakers of the main program, such as Chairperson's Lecture, Keynote Lecture, Special Lecture, Educational Lecture, Invited Lecture, and Seminars, chairpersons of each session, and invited participants and organizations will be sent a URL which will allow them to access these pages.

How to Log in from your personal URL

(1) An email with a URL to access the Online Venue Website will be sent to the email address you registered with ("1" below).

* The URL will be sent to you within 10 days before the event.

(2) When you click the URL, you will see the login confirmation page with the name of the event, outline of the event, and notes. Please read the notes.

Notes:

- The URL sent to you will be accessible only for the duration of the Conference period (January 4-31, 2022).
- Each participant will get a personal URL which is linked to their personal information. You may not transfer or lend it to others.
- One URL will be issued per registration.
- One URL can be viewed per device. It cannot be connected to another device at the same time. If you wish to view the program on multiple devices, please pay the registration fee for each device.
- You can only participate in the live program and general presentations via the above URL.
- We will check the entry/exit log and charge you if there is any irregularity.

Online Venue Website (Explanation about the Top Page)

When you click on the URL, you will come to the top page of the Online Venue Website.

10th Annual Meeting of Japan Academy of Public Health Nursing - WEB venue

Contents

- Confirmation
- Chairpersons and Speakers Only
Same day payment
- インプログラム閲覧・掲示板
