

Yodogawa-‘Hanami’-Walking (Yodo River-Flower Viewing-Walking)

Starting at 18:00 just after the poster session on Thursday, April 7; walking for 30-40 min on the riverside of Yodo river; arriving at Taiko-en around 18:40 before starting Banquet at 19:00.

Yodogawa (Yodo river) is the principal river in Osaka Prefecture which flows south west from Lake Biwa, through Kyoto and Osaka, and in into Osaka Bay. The riverside of Yodo river in the city has been well-known as a place of scenic beauty since old times. Especially, the cherry blossoms (Sakura) in early April (hopefully during 2016 IUPAC Photochem) is wonderful view along the riverside! Japanese people usually have picnics under cherry trees that are called ‘Hanami’. Let us enjoy wonderful Sakura beauty during the walking to the banquet place ‘Taiko-en’.
