

【Track4】 Modeling for Advanced Technology Fuels (ATF) II

Evaluation of the Performance of LEU+ Fuel Rods in a SMR

Sunguk Lee

Korea Atomic Energy Research Institute

An Advanced Group Constant Functionalization Methodology for LEU+ Nuclear Fuel

Sunghyun Cho

Hanyang University

Thermomechanical simulation of microcell CERMET fuel under irradiation

Veronica D'Ambrosi

CEA

Evaluation of nuclear-grade FeCrAl alloys claddings for Small Modular Reactor applications

Zaira Itzel Jiménez Balbuena

Karlsruhe Institute of Technology
