

【Track6】 Cladding Integrity in Dry Storage

Overview over the first Long-Term Experimental Dry Storage Analysis (LEDA) campaign

Peter Kaufholz

BGZ Gesellschaft fuer Zwischenlagerung mbH

Quantitative Characterization of Zirconium Hydride Morphology Using Machine Learning-Based Image Analysis

Okan Yetik

BGZ Gesellschaft für Zwischenlagerung mbH

Hydrogen and Hydrides Distribution in Claddings-Investigations with High-Resolution Neutron Imaging

Johannes Peter Bertsch

Paul Scherrer Institut

Thermal Analysis of Hydride Solubility in Zircaloy-2 Cladding with Inner Liner

Liliana I. Duarte

Paul Scherrer Institut
