【Track5】Modeling and Analysis Methods II

Validation and Uncertainty Analysis of FFRD Model Implemented in RELAP5 Code

Ikuo Kinoshita

Institute of Nuclear Safety System, Inc.

MODELING THE DISPERSAL OF FUEL FRAGMENTS USING DISCRETE ELEMENT METHODE (DEM)

Thibault BESSIERE

EDF

Development of Integrated Code based on Segmented Fuel Performance and Subchannel-Scale Thermal Hydraulics Codes for LOCA analysis

Jae Ryong Lee

Korea Atomic Energy Research Institute
